Check-In/Measuring:

All dogs must be measured-in during the morning check-in time, unless the dog jumps 26" (P22"), the handler sent a copy of the permanent yellow card with entry or presents the permanent card, temporary card with 3 signatures awaiting a CMJ or check-in letter issued by USDAA / print out of dog info page from subscriber account indicating the dog is permanently carded. Check-in and start times will be listed on confirmations, which are mailed out approximately one week prior to trial. Change of jump heights will be made only when the dog is required to move into a higher category by the judge's measure-in. The handler can run For Exhibition Only in the lower height, but no qualifying scores or awards may be earned and no change in program is allowed.

You can expedite check-in by attaching a photocopy of your dog's YELLOW, plastic permanent card with entry form for pre-verification of your USDAA registration number.

Following are the heights for the Championship Program (with Performance heights in parentheses).

Withers's Ht	Jump Height	Long Jump*	Table	A-Frame
Over 21"	26" (22")	60" (48")	24" (16")	5'9"-5'11" (5'6")
21" or less	22" (16")	48" (36")	24" (16")	5'9"-5'-11" (5'6")
16" or less	16" (12")	36" (20")	16" (12")	5'6" (5'6")
12" or less	12" (8")	20" (6")	12" (12")	5'6" (5'6")

Re-designed long jump in use; p8" dogs jump 2nd board only.

Notice to Competitors:

USDAA Rules: USDAA's official rules & regulations, as amended March 30, 2007, are hereby incorporated by reference. An electronic version may be accessed online at www.usdaa.com. Competitors, through submission of entry, acknowledge that they are knowledgeable of USDAA rules and regulations including but not limited to the following rules regarding entry. All dogs must be registered with USDAA. To obtain a registration number immediately, a height card prior to the show and a REDUCED REGISTRATION FEE, go online to www.usdaa.com. General Information, Dog Registration. Registration may be made concurrently with your entry using the form provided in this test schedule. This test is open to all dogs at least 18 months of age, including purebred and non-purebred, except bitches in season, dogs suffering from any deformity, injury or illness that may affect the dog's ability to perform safely, or dogs exhibiting signs of aggression.

No entries shall be accepted, changed, altered or withdrawn after closing. The Organizing Committee of an event may refuse the entry of any competitor or dog for just cause should the committee view that participation by competitor or dog would be prejudicial to the sport. However, any committee so doing must notify the competitor in writing (with a copy to the USDAA office) in anticipation of or upon receipt of entry. The notice must include the reason for refusing the entry and a brief explanation of the basis for their decision. The burden of responsibility for appropriateness of such action rests solely with the host group and it's Organizing Committee.

All obstacles used at this test meet USDAA specifications as outlined in the USDAA Rules & Regulations. No collars, leads, food, toys, or other aids or devices are allowed on a course at any time. USDAA regulations forbid any and all training, choke, pinch, or shock collars on or around the course at any time. Safety must always be of primary consideration in your actions and conduct.

Returned checks do not constitute a valid entry. There will be a \$20.00 service charge for returned checks. Payment of entry fees and service charges shall be made in cash or money order within 30 days of postmark of notice of returned check. Any fees not received within 30 days of notice result in cancellation of event results for all classes for the registration number(s) of delinquent entry/entries. No reinstatement of results is possible, and all awards must be returned within 10 days of notification, or the dog's registration may be suspended pending restitution. Any unpaid fees or shortfalls must be paid prior to the start of the event or entry is canceled without recourse by owner/handler.

You alone are responsible for the behavior of your dogs and children. If your dogs or children create unnecessary disturbances or repeatedly engage in unsafe or disruptive behavior, the Show Committee can ask you to leave the show site. In such case, we will not refund any fees.

Running Order/Limits: Determined by random draw. Handlers with more than one dog will have time to switch dogs. In the event of a large entry, the organizing committee and/or judge may establish fault limits. *This means that after receiving a certain number of faults, you may be asked to leave the ring without completing the course.*

Refunds: No refunds are given for entries withdrawn after the closing date except that refunds (less USDAA recording fees) will be given for bitches that come into season after the closing date. No refund is given if a dog or handler is dismissed from competition, regardless of the reason. No refund is given if the test cannot open or be completed due to riots, civil disturbances, fire, acts of god, public emergency, acts of a public enemy, or any other cause beyond the Show Committee's control.

Advancement in Level: There are no same day advancements in level at this trial.

Rotation Groups: Group Rotations for Masters classes only will be used. Masters Dogs will be assigned a group. Every effort will be made to keep all dogs run by a single handler in the same group. We cannot accommodate couples, friends, etc.

Media Release Disclaimer:

All Competitors through entry at this event waive any and all rights relative to video broadcast of this event. Competitors shall have the right to videotape portions of this event for their personal use only. No portion of this event may be videotaped for commercial or other purposes. All video, broadcast and telecast rights for this event are the exclusive property of United States Dog Agility Association, Inc.

Portions of this event may be taped for television. Through entry at this event, ALL COMPETITORS and HANDLERS HEREBY GRANT to USDAA and its representatives, agents and assigns, all rights and permission to use or appropriate his/her and their dog's name, biography, likeness, photograph, voice, performing persona, or other indicia of identity for broadcast, telecast, cablecast, transmission or distribution in any format or media now known. All competitors and handles hereby release USDAA and its representatives, agents and assigns from any claim or cause of action for invasion of the rights of privacy, right of publicity, right of personality, or any similar right.

USDAA Dog Registration Form

You must have a USDAA registration number before you can compete in this trial. You can get one instantly by going to the www.usdaa.com online store and registering online (for a discounted registration fee!). If you prefer not to register online, you can include this registration form with your entry (include the registration fees in your entry fee check made out to SMART and we'll take care of it. If you independently snailmailed your registration to USDAA but have not received a registration number, call USDAA at 972-487-2200 to check up on it. In this case it is your responsibility to provide a USDAA registration number; USDAA and SMART cannot accept pending registrations.

DOG REGISTRATION APPLICATION - \$20.00

JUNIOR HANDLER REGISTRATION APPLICATION - \$17.00

Dogs must be registered with USDAA in order to compete in USDAA sanctioned events. A registration card and number with a "U" prefix will be issued to facilitate entry at USDAA events and tracking of show results in the regular classes.

Junior handlers (those 18 years of age and younger) and their dogs must be separately registered for participation in the USDAA's Junior Handler Program (UJHP). A registration number with a "J" prefix will be assigned for use in entering UJHP events. A dog competing in both programs (regular classes and UJHP) must be registered separately for each program, for which the total fee is \$37.00.

You must complete ALL information for a valid registration

Class Descriptions

Two certification programs will be offered at this event – Championship & Performance. Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test (i.e. standard at any level in both programs). Classes include standard agility, gamblers, jumpers, pairs relay and snooker agility as set forth in Chapters 3 – 7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels.

CHAMPIONSHIP PROGRAM

The **Starters Standard** classes shall be for dogs that have not earned the *Agility Dog*[®] title or a Starters Standard title. **Starters Non-standard** classes shall be for dogs that have not earned a title in the class being entered (Starters Gamblers, Starters Jumpers, Starters Relay – 3 different partners required – or Starters Snooker) or a qualifying score in the equivalent non-standard class at the Advanced or Masters level. When offered separately as Starters and Novice classes, the Starters level classes are for dogs handled by a person who has not previously earned the *Agility Dog*[®] title or a title in the Performance or Veterans Program with any dog. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the *Agility Dog*[®] title. The **Advanced Standard** classes shall be for dogs that have earned the *Agility Dog*[®] title or a Starters Standard title. **Advanced Non-standard** classes shall be for dogs that have earned the *Agility Dog*[®] title or that have earned a title in the equivalent non-standard class at the Starters level, but have not earned the equivalent Advanced non-standard title or a qualifying score in the equivalent non-standard class at the Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the *Advanced Agility Dog*[®] title. The **Masters Standard** classes shall be for dogs that have earned the *Advanced Agility Dog*[®] title or the Advanced Standard title. **Masters Non-standard** classes shall be for dogs that have earned the *Advanced Agility Dog*[®] title, the equivalent non-standard title at the Advanced level, or that had previously qualified for entry into the equivalent Masters non-standard class prior to January 1, 2004.

PERFORMANCE PROGRAM CLASSES

Generally, Performance Level I, Level II and Level III are run on courses used for Starters, Advanced and Masters classes in the Championship Program, with the following exceptions: the A-frame is set at 5'6", jump heights are one height class lower as set forth in Notes to Competitors, no spread hurdles are utilized and time standards in the standard, jumpers classes are extended by 3 seconds beyond that utilized in the Championship Program and the pairs relay class is non-qualifying. Eligibility is determined as follows: The **Performance I Standard** classes shall be for any dog that has not earned the *Performance Dog I*SM title, the *Performance Standard I* title, or a qualifying score in the Performance II or Performance III standard classes. **Performance I Non-standard** classes shall be for any dog that has not earned a title in the class being entered (Performance I Gamblers, Performance I Jumpers, or Performance I Snooker) or a qualifying score in the equivalent non-standard class at the Performance II or Performance III level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the *Performance Dog I*SM title. The **Performance II Standard** classes shall be for any dog that has earned the *Performance Dog I*SM title, the *Performance Standard I* title, the *Agility Dog*[®] title or the *Veteran Agility Dog*SM title, but has not earned the *Performance Dog II*SM title or *Performance Standard II* title, or a qualifying score in the Performance III standard class. **Performance II Non-standard** classes shall be for dogs having earned the *Performance Dog I*SM title, the *Agility Dog*[®] title or a title in the equivalent Starters or Performance I non-standard class, but not having earned a title in the equivalent non-standard Performance II class or a qualifying score in the equivalent non-standard Performance III class. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the *Performance Dog II*SM title. The **Performance III Standard** classes shall be for any dog that has earned the *Performance Dog II*SM title, the *Performance Standard II* title, the *Advanced Agility Dog*SM title, or the *Veteran Advanced Agility Dog*SM title. **Performance III Non-standard** classes shall be for dogs having earned the *Performance Dog II*SM title, the *Advanced Agility Dog*SM title, the equivalent non-standard title at the Advanced or Performance II level, or that had previously qualified for entry into the equivalent Performance non-standard class prior to January 1, 2004.

NON-STANDARD (GAMES) AGILITY CLASSES:

Gamblers Class: This class consists of a course with no pre-determined route and each obstacle is assigned a point value. In the 'opening' period the handler seeks to accumulate points by performing the obstacles of his / her choice in the time allotted. At the conclusion of the 'opening' the handler attempts the 'gamble', a sequence designated by the judge to be handled from a distance, for additional points. This non-standard class is pursuant to the provisions of Chapters 6 & 7 of USDAA Rules and Regulations.

Jumpers Class: This class consists of a course of jumps and may include a tire and tunnels. This non-standard class is scored pursuant to the provisions of Chapters 6 & 7 of USDAA Rules and Regulations.

Snooker Class: This class has an 'opening' sequence of point collection similar to the Gamblers class followed by a closing sequence of a set pattern. Roughly parallels the billiards game of 'Snooker', requiring the dog to successfully complete a 'red' jump prior to attempting an obstacle designated as any other color. This non-standard class is scored pursuant to the provisions of Chapters 6 & 7 of USDAA Rules and Regulations.

Pairs Relay: This class consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog that run the second portion of the course. Partners for both Championship and Performance pairs must be in the same level and height division, mini CH 12/16, PF 8/12 or open CH 22/26, PF 16/22. PERFORMANCE PAIRS IS QUALIFYING! Level of eligibility for Performance is determined by the highest Performance Versatility Title or Performance Relay title earned. Crossing over from Championship works the same as for other classes, a dog with a Starters Relay title is eligible for PII Pairs and a dog with an AAD is eligible for PIII Pairs. A handler may opt to enter Level 1 provided that a qualifying score in a higher level Performance relay class has not been earned. In the event only one dog is entered in a program/level, un-entered dogs or dogs from other programs/levels may NOT be recruited to form a qualifying pair. This non-standard class is scored pursuant to the provisions of Chapters 6 & 7 of USDAA Rules and Regulations.

2009 Grand Prix of Dog Agility® World Championships - Local Qualifier

This class is open to all competitors other than those who are entered in the Performance National Standard Qualifier at this event, regardless of titles earned or skill level. The Grand Prix is a single-round tournament featuring the sport in its basic form. The course includes obstacles as set forth in Chapter 3 of USDAA Rules and Regulations for standard agility, except that no table obstacle shall be used. Standard scoring shall be applied utilizing time standards generally ranging from 3.50 YPS to 3.75 YPS for competitors in the 22" and 26" height classes, from 3.10 to 3.40 YPS for competitors in the 16" height class, and 2.85 to 3.03 YPS in the 12" height class. Competitors that earn ZERO faults shall earn a qualifying score.

2009 Performance National Standard Championships® - Local Qualifier

This class is open to all competitors other than those who are entered in the Grand Prix Qualifier at this event, regardless of titles earned or skill level. This qualifier is a single-round tournament featuring the Performance Program in its basic form. The course includes obstacles as set forth in Chapter 7 of USDAA Rules and Regulations for standard performance class, except that no table obstacle shall be used. Standard scoring shall be applied utilizing time standards generally ranging from 3.30 YPS to 3.55 YPS for competitors in the 16" and 22" height classes, from 2.95 to 3.25 YPS for competitors in the 12" height class, and 2.75 to 2.95 YPS in the 8" height class. Competitors that earn ZERO faults shall earn a qualifying score.

Eligibility for Entering Championship or Performance Tournaments at the Regional or World Championships

At any Regional event AND at the World Championships, you must enter all-championship OR all-performance tournament classes – you may not mix programs when entering tournaments at these events. Where a competitor has qualifying scores in Championship Program tournaments and Performance Program tournaments, a competitor must enter all Championship Program tournaments unless the total number of qualifications earned in all Performance Program Tournaments is greater.

2009 Steeplechase® Local Qualifier

The "Steeplechase" is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course that shall include at least two spread hurdles, a long jump and an A-frame and weave poles. Either the A-Frame or weave poles shall be required to be performed twice. Top competitors as set forth below (see qualification and advancement) shall advance to Round 2 to compete for prize money and Tournament Top Ten points. Qualifiers as defined herein earn the right to enter either the quarterfinals or semifinals at the Dog Agility Steeplechase® championships to be held in autumn of 2009. This tournament is open to all competitors not entered in Performance Speed JumpingsSM qualifier at this event regardless of titles earned.

Scoring: The tournament shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules. For purposes of qualification calculations, a competitive performance resulting in "elimination" as a result of performance error in the normal pursuit of a round* shall be included in the count of competitors "actually competing" in the qualifying score computations. **The judge shall mark a score of "Withdrawn" rather than "Elimination" where a competitor is disciplined in accordance with Appendix C of the regulations because of an incident in the ring resulting in elimination, including but not limited to a courtesy warning by the judge, when such action is instituted. Withdrawals and absentees shall not be included in the number of competitors "actually competing".*

Qualification & Advancement

Local Qualifiers: Qualification shall be determined based upon the Round 1 scores of the top three dogs in each jump height provided there are at least 5 scores each in the 12" and 16" height classes or 7 scores each in the 22" and 26" height classes. The top three scores shall be averaged and multiplied by a factor of 1.25 to determine the maximum qualifying score for each jump height. Only competitors with scores equal to or less than the maximum qualifying score in round 1 qualify.

In the event that fewer than five competitors actually compete in the 12" or 16" height classes, or seven competitors in the 22" or 26" height classes, the top three scores must be determined from the combined height division for small dogs (12" and 16") OR large dogs (22" and 26") to determine the maximum qualifying score for all dogs competing in that division in the manner described above.

If there are fewer than five competitors actually competing in the small dog division or seven in the large dog division, the top score from the division shall be used to calculate the maximum qualifying score. In this case, the top score shall be multiplied by a factor of 1.25 to determine the maximum qualifying score.

Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points and prize money, provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing and at the Regional level are not eligible to earn a bye based upon their score in Round 2. A finalist slot vacated by a competitor who has earned the right to compete in the final round shall be forfeited and no substitutions are allowed.

Eligibility for Entry:

Regional Championships: A competitor must have one qualification at a local qualifier to be eligible to enter Round 1 of a Regional Championships.

World Championship Quarterfinals: Two qualifications, one of which may be from the first round of a Regional Championship will be required for entry.

World Championship Semifinals: Advancement from the quarterfinals by earning the equivalent of a qualifying score or by direct entry into the semifinal by having earned a 'bye' at a Regional Championship.

2009 Performance Speed JumpingSM Local Qualifier

This is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course that shall include a long jump, an A-frame and weave poles. Either the A-Frame or weave poles shall be required to be performed twice. All obstacles are set according to Performance specifications. Top competitors as set forth below (see qualification and advancement) shall advance to Round 2 to compete for Tournament Top Ten Points and prizes or awards. Qualifiers as defined herein earn the right to enter either the semifinals at the Performance Speed JumpingsSM championships to be held in autumn of 2009. This tournament is open to all competitors not entered in the Steeplechase qualifier at the same event regardless of titles earned.

Scoring: The tournament shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules. For purposes of qualification calculations, a competitive performance resulting in "elimination" as a result of performance error in the normal pursuit of a round* shall be included in the count of competitors "actually competing" in the qualifying score computations. **The judge shall mark a score of "Withdrawn" rather than "Elimination" where a competitor is disciplined in accordance with Appendix C of the regulations because of an incident in the ring, including but not limited to a courtesy warning by the judge, when such action is instituted. Withdrawals and absentees shall not be included in the number of competitors "actually competing".*

Qualification & Advancement

Qualification shall be determined based upon the Round 1 scores of the top three dogs in each jump height provided there are at least 5 scores each in the 8" and 12" height classes or 7 scores each in the 16" and 22" height classes. The top three scores shall be averaged and multiplied by a factor of 1.25 to determine the maximum qualifying score for each jump height. Only competitors with scores equal to or less than the maximum qualifying score in round 1 qualify.

In the event that fewer than five competitors actually compete in the 8" or 12" height classes, or seven competitors in the 16" or 22" height classes, the top three scores must be determined from the combined height division for small dogs (8" and 12") OR large dogs (16" and 22") to determine the maximum qualifying score for all dogs competing in that division in the manner described above.

If there are fewer than five competitors actually competing in the small dog division or seven in the large dog division, the top score from the division shall be used to calculate the maximum qualifying score. In this case, the top score shall be multiplied by a factor of 1.25 to determine the maximum qualifying score.

Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points and prize money, provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing and at the Regional level are not eligible to earn a bye based upon their score in Round 2. A finalist slot vacated by a competitor who has earned the right to compete in the final round shall be forfeited and no substitutions are allowed.

Eligibility for Entry into the Championships: Two qualifying scores as defined herein are required to enter the semifinals at the Performance Speed JumpingsSM Championships to be held in autumn of 2009.

Make a Donation to the IFCS team!

As the U.S. representative of IFCS, USDAA will be sending a team to Europe for the 2010 World Agility Competition. To kick off the fund-raising, USDAA asks that you consider making a donation. All monies donated in this manner will be put directly into a fund for the entire team. Donations of \$50 or more receive benefits as listed in the USDAA Store and should be made through the store at www.usdaa.com.

AWARDS!!

Ribbons will be self-serve at this trial in order to minimize interference with the uninterrupted simultaneous running of the three rings. Instructions will be at the awards table.

- ❖ **Placement Ribbons:** 1st–4th place ribbons in each height class. 1st-4th place ribbons for each of the Pairs mini and open divisions.
- ❖ **Qualifying Ribbons:** A maroon rosette for a qualifying score in all classes that apply, a black and maroon rosette for Masters and PIII Super Q Snooker score.

Grand Prix:

- ❖ First place qualifying winner in each height class shall be awarded a “bye voucher”, permitting them to advance to the final round of a regional championship. A double overlay maroon and white ribbon shall be awarded to all qualifiers. 1st through 6th place rosettes for each jump height will also be available.

SMART Raffle / Set-up and Breakdown

Workers will receive raffle tickets that can be used for our great worker raffle to be held on both Saturday and Sunday. If you can help with setup (2 pm on Friday) or breakdown (on Sunday), we will be giving away free-run certificates.

Food

SMART will provide coffee and muffins free of charge to competitors. We will provide lunch and sodas to workers. If you are a non-worker, you will need to bring your own lunch or make other arrangements. There are several fast food type restaurants within an eight-minute drive.

SMART has gone GREEN!

SMART will keep competitors supplied all day with hot and cold water, coffee, etc. BUT in an effort to reduce the impact of our trials on our natural resources, we will no longer provide disposable cups or bottled water. Water will be available but please remember to bring your own travel mug or water bottle from home. Please empty, crush and place all recyclables in any of the clear plastic garbage bags you'll see near the regular trash bins.

General Agreement

I (we) agree that the SMART has the right to refuse this entry for cause, which the organizing committee alone shall deem to be sufficient. In consideration of the acceptance of this entry, of the holding of the event and of the opportunity to have the dog participate and/or to be judged, I (we) agree to hold the organizing committee, SMART, United States Dog Agility Association, Inc., including their members, officers, directors, agents and employees, sponsors of the event, and owners of the premises upon which the event is held and their employees harmless from any claim for loss or injury that may be alleged to have been caused directly or indirectly to any person or thing by the act of this dog while in or upon the event premises or grounds or near any entrance thereto, and I (we) personally assume all responsibility and liability for any such claim. I (we) further agree to hold the aforementioned parties harmless from any claim for loss of this dog by disappearance, theft, death or otherwise, and from any claim for damage or injury to the dog, whether such loss, disappearance, appearance, theft, damage or injury, be cause or alleged to be caused by the negligence of the parties aforementioned, or by the negligence of any other person, or any other cause or causes. I (we) hereby assume the sole responsibility for and agree to indemnify and save the aforementioned parties harmless from any and all loss and expense (including legal fees) by reason of the liability imposed by law upon any of the aforementioned parties for damage because of bodily injuries, including death at any time resulting there from, sustained by any person or persons, including myself (ourselves) or on account of damage to property arising out of or in consequence of my (our) participation in this event, howsoever such injuries, death or damage to property may be caused, and whether or not the same may have been caused or have been alleged to have been caused by negligence of the aforementioned parties or any of their employees or agents or any other persons.

I further acknowledge that I have read, understand and will abide by the Official Rules and Regulations of the United States Dog Agility Association, Inc. and the provisions for entry as set forth in the Agility Test Schedule of which this entry form is a part. I acknowledge and represent that the information supplied by me herein is correct to the best of my knowledge; if any portion of this information is found to be invalid or insufficient to establish the validity of my entry, such finding shall render my entry invalid in its entirety, for which there shall be no refund of fees paid. Further, I represent that I am the owner of the dog listed hereon, or that I have full authority as agent for dog's owner and shall hold SMART, USDAA, including their officers, directors, employees and agents and their sponsors harmless from any liability or claims made by dog's owner.

Further, I hereby grant to United States Dog Agility Association, Inc., its representatives, agents and assigns, all rights and permission to use or appropriate my and the dog's name, biography, likeness, photograph, voice, performing persona, or other indicia of identity for broadcast, telecast, cablecast, transmission or distribution in any format or media now known or hereafter to become known. I hereby release USDAA, its representatives, agents and assigns from any claim or cause of action for invasion of the rights of privacy, right of personality or any similar right.
