Sharing Venue with ASCA

We will be on the large field this weekend, and Peninsula Australian Shepherd Association will be having an ASCA show on the soccer field.

Remember that ASCA has specific rules about dogs on leash, so please be respectful if you are near the ASCA field.

Thursday Setup

Please arrive after 3pm to help set up the rings for the weekend. Mark off your spot and then help us unload the trailers and build the rings for Friday morning. If you are not helping to setup the rings, please do not arrive until AFTER 4pm

One judge, two rings

Roger will be judging both rings all three days. Peyton and Sangie have designed half the courses for UKI on Saturday and Sunday, but her courses will be judged by Roger. If necessary, Katrina may judge some Starters courses on Friday for USDAA.

WORKERS/VOLUNTEERS/TIMELINESS

The trial can only move quickly with your help. And you can help by:

1. Volunteer to set poles, leash run, etc. It can't be overstated how much faster a class goes if more people jump up **EVEN IF ONLY FOR TEN MINUTES**. Seriously. Every little bit counts.
2. **LISTEN** to announcements about where your group should be when!
3. Check in early and often at the rings you're running in and mark in the Agility Gate app as soon as you can about possible conflicts.
4. Stay within shouting distance of your gate steward when you are within 5 dogs of running.

COURSE MAPS AND RUN ORDERS

We will be using Agility Gate at this show for posting run orders and checking in dogs. In order to help minimize the amount of people crowding around the gate, we will be using the Agility Gate app to allow competitors to check in their dogs, mark conflicts and monitor the run order as it is updated. Maps for each day will be posted **AT SOME POINT AFTER 6pm** the evening prior. **Please do not email/text/message the trial secretary asking about course maps**. They will be posted as soon as reasonably possible each evening.

The code to access run orders and maps for the show will be **4242**

NO FOOD AVAILABLE ON SITE

There will not be any food or drinks available on the site this weekend. Please make sure to bring your lunches with you when you come to the site. There are some restaurants a few minutes away.

BITCHES IN SEASON

In accordance with SMART's BIS policy, BIS must wear *stylish* panties at all times (including while running) when on the field. Please potty them well away from the ring areas. Please let the secretary know. BIS will run in order.

SCORING, QUESTION, PROBLEMS

We will post the results of your runs near the score tables, usually within minutes of your run. Please **DO** check them right away if you have any questions about your run, or if it's a leg of particular importance to you. It's true the score table is a busy place that needs to do its job without unnecessary interruptions; however it is also true that you are our only reason for doing this.

If you have any questions or problems or feedback, feel free to seek out your trial chair, Roger Ly or trial secretaries, Katrina Parkinson and Tracy Duncan. Our job is to keep you happy!

For entry questions/corrections close to or during the weekend when you aren't certain emails will be read in a timely fashion, feel free to text/use Roger's cell phone 408.489.4242

MEASURING YOUR DOG

If your dog is young or relatively new to USDAA and you haven't already done so, you will need to get them measured prior to running them at the show. Your confirmation email will also indicate if you need a measurement. Please make sure you **PRINT YOUR MEASUREMENT SHEET** prior to arriving at the show.

To print your measurement sheet:

1. Go to usdaa.com and log in with your account info (you do NOT need to subscribe to USDAA Data Services to do this)
2. Click on the link for your dog:
